

Ordering and Production Schedule for US Vehicles

All dates are subject to change without notice. The dates shown on this page are estimates provided by the manufacturers, and are intended to be used for planning purposes.

As an Order Cutoff date approaches, it is possible that specific body styles, options, or colors may become unavailable. It is recommended that all orders be submitted as soon as possible to avoid unanticipated changes to Order Cutoff dates and potential delays associated with changing from one model year to the next.
