

United States - Registration Updates - As of 08/10/2021

Cycle Times by Transaction				
Jurisdiction	Renewals	State Transfer / New Plates	Titles	Status
				Initial Plating Process: In order to receive new plates after delivery, drivers will need to go to the local county office to complete a VIN inspection as part of the process. Wheels coordinates with a vendor to pay all the jurisdictional fees up front and sends payment to the local county based on the address listed the Wheels system. Drivers will be sent a letter once payment has been accepted by the county to schedule their appointment for the VIN inspection. Penalties may apply if the inspection is scheduled more than 10 days after the county has received the paperwork.  Registration Renewals: In Alabama, renewals are processed by the first letter of the registered owner. As a result most vehicle renewals are processed during the month of November if owned by Wheels.
